

Epilepsy as a Network Disorder:

What can we learn from other disorders such as autism, depression, dementia and schizophrenia?

4th Halifax International Epilepsy Conference & Retreat

White Point Beach Resort, Nova Scotia, Canada

September 21st to 24th, 2016

INTERACTIVE LEARNING WITH WORLD EXPERTS

We are aiming to create a stimulating atmosphere of fresh and conceptual thinking among the participants and speakers. The entire group will be limited to 60-70 people to allow interactive learning and informal small group discussions.
